**Professional Advisory Team (PAT)** - PAT is a group of dedicated professionals that provide families, without charge or obligation, guidance in addressing financial, legal, tax, estate matters, educational needs, possible job training, grief and stress counseling in the aftermath of a tragedy. Countless hours have been donated by these professionals and over \$350,000 has been given to support public safety families with these special needs.

**H.E.R.O.S.** - Helping Emergency Response Officers and Survivors is a program that allows the 100 Club and its supporters to coordinate available resources with needs of public safety families and provide financial assistance to those in need.

**Peer 100** - The Peer 100 Program addresses the wellness challenges in the public safety profession for officers/firefighters/families and emphasizes support, training, resources, referrals and services. These opportunities are available when agencies are not able to provide resources for the welfare of their officers/firefighters.
