VESTS FOR CHAPLAINS

The 100 Club of Arizona is launching a campaign to provide Bullet Proof vests and other safety equipment for Public Safety Chaplains. Our officers and firefighters understand how essential the proper safety equipment and clothing are for their safety. Many public safety departments do not have the funds or resources to provide these items for the chaplains who serve alongside their officers and firefighters. The lack of proper safety items or the use of outdated, hand-me-down equipment could be a serious risk for our chaplains who often serve in dangerous situations next to an officer or firefighter. These chaplains provide essential services in critical times throughout our state. Help us provide this additional safety measure for chaplains who are standing beside the men and women who stand behind the badge. Please contact Danny Dodson at Danny@100club.org for questions.
